

# DigiPeel

Speciality transfer paper for use across a wide range of textile applications

Specialist manufacturers of transfer papers for textiles, Arjowiggins' range of transfer papers have been developed for use across a wide range of applications including fashion, sportswear, workwear, swimwear and tagless.

DigiPeel is a coated two side 107g/m<sup>2</sup> transfer paper. This specialty paper transfers printed designs to shirts and other garments when heat and pressure are applied. Designed for laser image printing and screenprinting, it is suitable for Cold Peel application.

It is manufactured by Arjowiggins in Europe.

# Printing and finishing

## Laser printing

Laser printing on laser colour printers or laser colour copiers.

## Screen printing

Screen printing with water-based or plastisol backing (catalyst to be added) + adhesive layer or powder if washing resistance needed.

Main advantages:

- Good dimensional stability
- Full colour printing: photo quality results
- Optimal reproduction of the colors
- Time saving: fast transition between jobs, no drying time after printing
- Smooth easy release
- Cold Peel
- Brings flexibility to your production: gang run printing, customization (variable data: QR code, name, logo etc)
- 100% ink transfer
- High washing and stretching resistance
- Transfers on all textiles: dark, white, delicate etc
- Innovative low cost solution
